

TURBO TOWEL

FEATURES

- Vacuum uses (3) 1.6HP, 120 volt Ametek motors
- Turbo Towel uses (1) 120 volt high-performance blower motor
- Turbo Towel is the first blower on the market with heated air (patent pending)
- Use Turbo Towel to quickly dry off the exterior of your car
- Blast water out of cracks and crevices
- Dry floor mats and carpets in a matter of minutes
- Great for drying motorcycles, chrome wheels, and engine compartments
- Our internal heating element heats the air at 120 degrees above ambient temperature to provide a streak and spot free finish
- Requires 30 AMP service
- Thermostatically controlled heating element
- Nozzle velocity exceeds 200+ miles per hour
- Prevent scratches and marks caused by standard hand towel and chamois drying
- Eliminates storage and transportation of wet towels
- Includes a 2" x 30' high temperature hose
- Includes 2" x 15' hose for the vacuum
- Toggle between Turbo Towel and vacuum
- Turbo Towel is Eco-Friendly too!
Minimize landfill waste from purchased and non recyclable products

Dimensions:
10"W x 10"D x 19.5"L
