

LIBERTY SERIES

Industrial-Duty, Gasoline-Powered, Belt-Drive Cold Water Pressure Washer

Rugged, Belt-Drive, Gasoline-Powered, Cold Water Pressure Washer for the Toughest Outdoor Cleaning Applications

Our Liberty gas-powered, belt-drive series provides a broad selection of rugged, industrial-quality cold water pressure washers.

All four models come with reliable Honda engines and deliver cleaning power of 2.5 to 3.7 GPM. They feature a belt-drive Kärcher pump for extra-long life as the belt uses a pulley system to reduce the work load on the pump while absorbing vibration from the engine. Every model is ETL certified and comes with a rugged steel chassis, steel chrome handles, tubed pneumatic tires, and industrial grade wand, hose and gun.

- Commercial Honda Engine
- 7-Year Warranty on Belt-Drive Pump
- Chrome Handles
- Pneumatic Tires

Dimensions:

5.5-6.5 HP: 37"L x 21"W x 24"H
9 - 13 HP: 45"L x 26"W x 24"H

- Easy-to-attach downstream **detergent injector** with brass soap nozzle
- Warning and **operating instructions** in three languages for owner liability protection
- Stainless steel **wand** with quick-couple connectors for easy attachment of high-pressure nozzles
- Safety thermal **pump saver** valve protects against hot-water damage by venting recirculated water
- 10" tubed **pneumatic tires** for easy maneuvering on all terrains and to absorb vibration
- Rubber **feet** to absorb vibration and keep the unit from "walking"
- Conveniently located gun and hose **holder** attached to the chrome handle

- Totally enclosed, OSHA-compliant, high-impact polyethylene **belt guard** and easy-to-adjust belt tension device
- Notched V-belts and cast-iron **pulleys** reduce belt slippage and provide longer pump life
- Rugged **chassis** base painted with an epoxy powder coat finish for all-weather protection
- Five conveniently mounted, quick-couple **spray nozzles** for varying fan spray
- Reliable **Honda GX engine** with two-year warranty; low-oil alert and silent-tone muffler (9 and 13 HP models also have valve for easy pull-start)
- Industrial-grade tri-plunger oil-bath **Kärcher pump** with forged brass head and ceramic pistons
- Insulated, high-pressure **trigger gun** for hours of fatigue-free cleaning
- 50' durable **wire-braid hose** rated for 3000 or 4000 PSI; with hose guard for burst protection
- **Inlet strainer** protects pump from debris in the water source
- Convenient front and back 1¼" chrome-plated **handles** to assist in lifting and moving the pressure washer

TYPICAL APPLICATIONS

- Buildings
- Machinery
- Ships, Marinas
- Concrete
- Painted Surfaces
- Agriculture
- Industrial
- Sidewalks, Stone
- Heavy Equipment
- Vehicles

WHY KÄRCHER

Kärcher is the most trusted name in pressure washers—a fact confirmed when Kärcher was the only brand

selected to clean the famous Mount Rushmore National Monument in 2005.

Founder Alfred Kärcher invented hot water pressure washing in 1950. Today, as the world's largest manufacturer of pressure washers, Kärcher is the recognized innovative leader in the industry with over 300 patents.

Model	Order No.	GPM	PSI	Engine	HP	Pump	Ship Wt
