

# Industrial-Grade Pressure Washers from the World's Largest Manufacturer of Power Cleaning Equipment

More than a half a century ago, Alfred Kärcher invented the world's first-ever true hot water pressure washer. Today Kärcher is the world's most popular brand of high-pressure cleaning equipment

including a broad selection of industrial-grade hot and cold water pressure washers, detergents, accessories and replacement parts—all supported by an extensive North American network of local dealers.

## HOT WATER PRESSURE WASHERS

### German engineering plus American ruggedness

Only Kärcher offers the best of two dominant approaches to power cleaning equipment—German engineering and innovation plus North American ruggedness. It means Kärcher, with more than 60 models of hot water pressure washers, has a solution to fit your specific need. Hot water models are powered and/or heated by electricity, gasoline, diesel, natural gas and even LP.

#### FEATURES

- ETL certification to rigid UL and CSA safety standards
- Exclusive, high-efficiency downdraft-fired burner
- Axial and crankcase pumps with 5-7 year warranty
- Adjustable flow, pressure, temperature and detergent
- Dial-up steam capability

## COLD WATER PRESSURE WASHERS

### Choose from nearly 50 models

Kärcher's remarkable selection of cold water pressure washers ranges from gasoline to electric-powered models with cleaning capability of up to 5000 PSI. Models also range from those with wheels to a cabinet and hand-held design.

#### FEATURES

- ETL certification to UL and CSA safety standards
- Axial & crankcase pumps with 5-7 year warranty
- Belt- and direct-drive models available
- Low- and high-pressure detergent injection
- Heavy-duty frames

**DETERGENTS**

**Formulated for pressure washers**

We offer a broad selection of highly concentrated detergents engineered specifically for use in hot and cold water pressure washers. These liquid formulations come in 5- and 55-gallon volumes and are varied to meet every high-pressure cleaning application.

**DEALER SUPPORT**

**Your local trained professional**

All Kärcher products are supported by factory-trained support staff located in more than 150 independent dealerships throughout North America. These highly skilled professionals are savvy on how to clean more effectively, how to get the most out of your pressure washer and how to maintain it for long-term reliability.

**PARTS AND ACCESSORIES**

**Accessories to enhance your cleaning**

Kärcher's vast inventory of pressure washer parts with express ship options ensures you always have the replacement parts when you need them most. And our selection of pressure washer accessories—from flat surface cleaners and rotary nozzles to extension wands and hose reels—are all designed to help you clean even faster and more effectively.

**A NAME YOU CAN TRUST**

**A monumental reputation in cleaning**

The Kärcher name is not only recognized around the world for its innovation and quality in high-pressure cleaning equipment, but for its ingenuity and resourcefulness in tackling some of the toughest cleaning jobs on the planet. Only Kärcher has been entrusted with power washing many of the "world's treasures," including Mount Rushmore, the Vatican colonnades, the Statue of Liberty and the 3,300-year-old Memnon Colossi statues in Egypt.
