

Electric-Powered, Diesel-Heated Hot Water Heating Module

Portable, Hot Water Heater Attachment Converts a Cold Water Pressure Washer Into a Hot Water Cleaning Machine

When a cold water pressure washer can't do the job fast enough, adding heat may be the answer. Kärcher's 5.0/30 Ed is an electric-powered hot water heater

- Heats Water Under Pressure up to 150°
- High-Efficiency 120V Burner
- Heated by Diesel, Fuel Oil, Kerosene
- Automatic Ignition Control
- Rugged Compact Design
- Tubed, Pneumatic Tires

or converter that attaches to your cold water pressure washer. Your cold water pressure washer puts the water under pressure then sends it to the heater to raise the temperature by as much as 150°F. The water is heated as it passes through the unit's leak-free, steel pipe, heating coil, which can handle flows of up to 5 GPM and 3000 PSI.

TYPICAL APPLICATIONS

- Exterior Walls
- Vehicles
- Retail Stores
- Engine Cleaning
- Agriculture
- Commercial
- Construction
- Shop Floors

WHY KÄRCHER

Kärcher is the most trusted name in pressure washers—a fact confirmed when Kärcher was the only brand

selected to clean the famous Mount Rushmore National Monument in 2005.

Founder Alfred Kärcher invented hot water pressure washing in 1950. Today, as the world's largest manufacturer of pressure washers, Kärcher is the recognized innovative leader in the industry with over 300 patents.

Dimensions:

29"L x 41"W x 47"H

- Durable and insulated **heating coil** made of 1/2-inch steel tubing and cold rolled for years of leak-free operation
- Water resistant **control box** with adjustable thermostat and extra-safe on/off rocker switch for the burner
- High-efficiency **burner** with transformer for years of reliable and affordable operation; produces 380,000 BTU

- Easy-grip **handles** and hand truck design make for easy maneuvering
- Rust-free, 4.5 gallon polyethylene **fuel tank** for diesel or heating oil
- Rugged 1 1/4-inch steel tube frame and ventilated metal **cabinet** with epoxy, powder coat finish for all-weather protection
- 10" tubed pneumatic **tires** for easy handling on all terrains or surfaces
- Corrosion-free steel **fittings**
- Durable, wire braid **hose** rated for 4500 PSI and with quick coupler allows for tangle-free connection to cold water pressure washer
- Tri-lingual operating instructions and warning **labels** for owner liability protection
- 36 ft. electrical **cord** with ground fault circuit interrupter for operator safety

Model	Order No.	GPM	PSI	Electrical	Amps	Heated By	Ship Wt
Heater 5.0/30 Ed	1.575-650.0	Up to 5.0	Up to 3000	120V, 1 ph	5	Diesel or Fuel Oil	320 lbs
